RE : #TOTALSHUTDOWN

Dear Sir/Madam

South Africa, like other countries in the world, has become a very unsafe place for women and children.

The murder, rape and maiming of women and children will be the subject of a mass protest across the country on 1st August 2018.

It is in this regard that we request your company to release employees on full pay to demonstrate their abhorrence against the killing of women and children in South Africa.

Your assistance will go a long way in addressing and bringing to the fore this scourge we are dealing with in our beloved country.

Thanking you
National Union of Metalworkers of South Africa
