

SAEFA

SA ENGINEERS AND
FOUNDERS ASSOCIATION

6 July 2021

To: Employees of members of the South African Engineers and Founders Association (SAEFA)

RE: UPDATE REGARDING THE 2021 MAIN AGREEMENT NEGOTIATIONS

Please take careful note that *all* employer organisations registered with the Metal and Engineering Industries Bargaining Council (MEIBC) are currently engaged in wage negotiations with the industry trade unions. This includes the SA Engineers and Founders Association (SAEFA), of which this company is a member.

Unfortunately, discussions around wage increases for employees in the industry are ongoing, and no agreement has yet been reached between any employer organization (including NEASA, CEO and SEIFSA) and any trade union as at 6 July 2021.

We request employees to be patient and await the conclusion of the wage talks, which we believe will be in the near future.

Thank you.
