Wage Negotiation Advisory No. 38

Dear Members,

REPORT FOLLOWING WAGE NEGOTIATION MEETING HELD ON WEDNESDAY, 21 JULY 2021

Please be informed that our negotiations with Solidarity held yesterday, 21 July 2021 were very successful, with huge amounts of progress towards an agreement being made. However, the negotiations are ongoing at this stage, as the parties attempt to bed down an agreement that they can take back to their respective constituencies for approval.

We understand that members are very anxious to hear what is happening in the wage talks, but the talks are at a very critical stage and we ask for your patience in this regard.

Please be assured that members will be approached for a mandate to sign the agreement as soon as it is ready.

SAEFA will continue to keep members fully informed of developments as they occur.

Yours sincerely,

Gordon Angus
SAEFA Executive Director
